RE: Request for Free Gas Application

Dear Applicant:

The Operating Guidelines of our company and terms of our oil and gas leases require that all prospective free consumers complete an application for Free Gas. At this point, Land Administration will review the terms of the oil and gas lease to see who is entitled to receive said Free Gas and under what terms, so that the application can be properly prepared. A review will be made at this time to determine whether or not the party requesting the Free Gas is indeed entitled to receive Free Gas.

If the party requesting Free Gas is entitled to Free Gas, the application will be sent to our District Office Personnel, who will contact you to obtain your signature on the Free Gas Application, investigate to see that the dwelling in which the Free Gas is to be used is safe and located on the property covered by our lease, as well as explain to you the operational aspects of making the Free Gas Consumer Hookup.

If you are a surface owner only, please provide a recorded copy of your deed citing the legal description and ownership chain of title. Not providing this document will cause a delay in processing your request.

Please insert the information in the spaces below and return this letter to me at our Canonsburg office.

Free Gas cannot be provided unless the Free Gas Application has been completed, signed and approved in accordance with these procedures.

Well No.: _____

Well Name: _____

Applicant's Name (Printed): _____ Date

Applicant's Name (Signature): _____ Date

Thank you for your cooperation in this matter.

Sincerely,

CNX Resources Corporation
